# Professional-quality moviemaking

Whether you want to create a movie with animated text, a soundtrack with studio-quality loops, a CD with restored and vibrant audio, or a Blu-ray Disc™ with scene selections and customized menus – the choice is clear. Movie Studio Suite enables you to create a project that's as innovative and inspired as you.

## WHAT YOU CAN DO:

- Edit in Simple and Advanced modes
- Create movies on a touch PC
- Edit 4K (ultra HD) XAVC S files
- Upload directly to YouTube™ and Facebook™
- Author a DVD or Blu-ray Disc™
- Record, edit, and mix audio
- Mix and encode 5.1 channel surround sound
- Create original music

**ACID™ Music Studio**  
Mix recorded audio, music loops, and MIDI. Shape your sound with effects and remixing tools.

**Sound Forge™ Audio Studio**  
Record high-resolution audio on your PC. Process audio for maximum sparkle and punch.

**Third Party Plug-ins**  
Create stunning effects with the included BorisFX, FXHOME, and NewBlueFX plug-ins.

Movie Studio is built on award-winning Vegas™ technology used in movie studios and broadcast facilities around the world.
